Mensa - Trefcentrum

Mensa – Trefcentrum Uns40 will be refurbished from February 27 through March 3.

Waste

Starting March 27, UM will implement the new rules of waste deposits. This will mean that all waste buckets will be removed from the offices. Waste will be gathered mainly in kitchens, in three bins for plastic waste, paper waste and general waste. In laboratories nothing will change.

COV VAS

A new COV (central research facility) is realized at the fourth floor Uns50 near CGSA. This COV is the obligatory place for the handling of highly toxic dry chemicals. Information about usage, permission and facilities can be obtained by Marcel van Herwijnen.

Facility Managers

The organization of Facility Services has changed. Starting February 20, Dyonne Frissen will start as Facility Manager Randwyck for all civil questions (cleaning, locks and keys, removals etc).

In March Edwin Mathijsse will start as Facility Manager Randwyck dedicated to all issues regarding technical installations and supplies.

At Location Management Randwyck, Ruud Wouters will start as Technical manager on April 1st.

Starting April 1, Pierre Lemmens will reduce his presence to two days a week, and Evert van Zoeren will change to the Inner City Location Management.

Toilet Supplies

At the toilets of Uns40, Ground and First Floor, a test with several toilet supplies will be implemented until summer 2017. Usage will be monitored and questionnaires will be held at several occasions.

Parking

Recently we see an increase of non-social behavior at the parking lots. When all places are occupied we ask you to park at Sorbonnelaan. Only then other users of the parking lots will have no annoyance.
