Easter, Kings Day and other special days

April 13, Saturday, UNS50 is closed for all persons due to maintenance; until 5.00 p.m.

On April 19, Good Friday, the 'Saturday regime' will be valid for all buildings.

April 20, Saturday, UNS50 is closed for all persons due to maintenance; until 5.00 p.m.

On April 20, the 'Saturday regime' will be valid for all other buildings.

On April 21 and 22, Easter, all buildings are closed.

On April 27, Kings Day all buildings will be closed.

On May 5, Liberation Day, all buildings are closed.

On May 30, Ascension Day, all buildings are closed.

On May 31, Friday, the 'Saturday regime' will be valid for all buildings.

June 8, Saturday UNS50 is closed for all persons due to maintenance; until 5.00 p.m.

On June 9 and 10, Pentecost, all buildings are closed.

The buildings UNS40 and UNS50 are accessible for employees with 24 hours authorization. Other buildings will be accessible for employees with a standard authorization between 9.00 a.m. – 5.00 p.m. during the special days above defined as 'Saturday regime'.

Power interruption UNS 50, June 15:

On Saturday, June 15, at 6.00 a.m. a power interruption is planned in UNS50. This is a consequence of the maintenance/testing of the azM-electrical power plant. This will affect the whole building UNS50. Access to the building is not allowed between 6.00 a.m. and 10.00 a.m.

We advise you to switch off all equipment/devices on the preceding Friday afternoon June 15, and do not plan any experiments in this weekend.

Maintenance of the ventilation system and closing UNS50:

Revision work on the ventilation UNS50 needs to be done. On the following Saturdays the building UNS50 is closed (except CPV): **April 13, 20 and June 8**. Do not plan any experiments in this weekend. The building will be accessible again after 5.00 p.m.

Maintenance 2019

The outside of Deb1 will be maintained, painted, glass repaired and in some cases will have a sun-isolating coating at the windows of Deb1 coming months. Also some toilets will get new tiles.

Toilet Supplies

In some buildings in Randwyck (DUB30, DEB1, OXF55) a team of people recruited based on the Participatie Wet will start a pilot for refilling sanitary supplies. This is no longer a task by EW at any time.

The team is to be recognized by their UM-clothing.

Nursing and rest rooms UNS40 and UNS50

In the summer of 2019 both rooms are being refurbished with new furniture. More information for using the rooms you can get at the reception desks UNS40 and UNS50.

Renovation and construction works

The process for realization of BMC has started formally. Plans are made of how to manage the renovation of UNS50 and in what way. It is said that the construction of Mosae Vita will start in June. FSE will move at a certain date to Paul Henri Spaaklaan. Deb1 will endure.

The planning of these works has a lot of interdependencies for parts of both faculties.

In the CRISP Facilities Newsletter we will inform you.
